Weather Guard Emulsion

Weather Guard Emulsion is a premium quality 100% pure acrylic latex exterior paint designed for use on most exterior surfaces, specially formulated to provide excellent weather resistance, easy application and a quick curing time, resulting in a long lasting, uniform finish. Forming a breathable film that allows moisture vapour to pass through, it prevents the penetration of liquid water with a high resistance to blistering and peeling.

The product is available in:-

- > Weather Guard Emulsion Special Formula *30yrs Guarantee
- > Weather Guard Emulsion Special Formula *15yrs Guarantee
- > Weather Guard Emulsion *10yrs Guarantee

Features & Benefits

- > Non-toxic
- > Excellent coverage and opacity.
- > Superior water and dirt resistant.
- > Superior Fade-Resistant Formula.
- > Resist peeling and cracking.

Available Colour Ranges & Finish
Weather Guard Emulsion is available in a wide range of colours shades available in our colour chart. Over 5,000 colour shades to select from.

Vinyl Matt Emulsion

Vinyl Matt Emulsion is a low VOC content matt finish. A wipeable product, thinned with water and is applicable by brush, roller, airless spray or HVLP Spray and is suitable for interior use.

Features & Benefits

- > Excellent coverage and opacity.
- > Non-toxic.
- > Hides minor plastering imperfections.

Available Colour Ranges & Finish

Vinyl Matt Emulsion is available in Brilliant White.

Other Colour shades available on request and can be selected from a wide range of colours shades available in our colour chart.

Tough Rock Wall Master

Tough Rock Wall Master is a tough interior/exterior acrylic based textured wall coating used for wall cladding. Touch dry is 1-2hrs dependable on weather conditions. Apply a top coat of Weather Guard Emulsion after 2hrs if the Tough Rock pre-order is in white colour.

Features & Benefits

- > Tough, Durable, Ultimate Weather Resistance.
- > Non-toxic.
- > Ultra-fast Dry Time.
- > High Strength Adhesion

Available Colour Ranges & Finish

Tough Rock is available in over 5,000 colour shades in 0.5mm, 1mm, 2mm and 3mm. Also available in White Colour.

Special colours can be made available on request.

Super Gloss Enamel

Super Gloss Enamel is a multi-surface premium quality, tough hard-wearing enamel for both interior and exterior surfaces that require maximum protection, a high gloss and durable finish. Recommended for plaster, wood and metal that have been correctly primed.

Features & Benefits

- > Excellent coverage and opacity.
- > Extremely Durable
- > Scratch and Stain Resistant
- > Rust & Corrosion protection

Available Colour Ranges & Finish

Super gloss is available in a wide range of colours shades available in our colour chart. Over 5,000 colour shades to select from.

Special sheens available such as High gloss, Flat, Egg Shell, Semi-Gloss made on request.

Silk Vinyl Emulsion

Silk Vinyl is a top quality washable emulsion paint based on unique Akzo Nobel technology, providing a tough, mid-sheen finish. Where condensation is a problem, for example some kitchens and bathrooms, use Aura Eggshell. Suitable for all normal interior wall and ceiling surfaces.

Features & Benefits

- > Excellent coverage and opacity.
- > Non-toxic.
- > High quality Silk finish.
- > Effective Mould control formula

Available Colour Ranges & Finish

Silk Vinyl is available in a wide range of colours shades available in our colour chart. Over 5,000 colour shades to select from.

Also available in Silk Satin on request.

Covermatt Plus Emulsion

Covermatt Plus Emulsion is a water-borne matt undercoat product, specially designed and formulated for the first time of new build interior and exterior walls and ceilings.

Features & Benefits

- > Excellent coverage and opacity.
- > Non-toxic.
- > Hides minor plastering imperfections.

Available Colour Ranges & Finish

Covermatt Plus Emulsion is available in Brilliant White, Soft White and Cream.

Other Colour shades available on request and can be selected from a wide range of colours shades available in our colour chart
